

LYON & HARR, LLP

# Capability Statement

## Core Competencies

### Company Information

Lyon & Harr, LLP is a **federally registered woman-owned small business**. We are an intellectual property law firm that specializes in preparing and prosecuting highly technical patents in a wide range of rapidly changing and evolving technologies. We have operated in Ventura County, California since 1998. Our patent attorneys have **written and prosecuted approximately 1000 U.S. patent applications** for many large corporations and universities. Most notably we have acted as outside counsel for Microsoft's research department for more than 20 years. Our patent attorneys all have extensive technical education and hands-on experience, including years of experience working with the DOD.
